

**CALL FOR
POSTERS**

The 23rd World Conference on Information Security Applications

WISA 2022

August 24-26, 2022 / MAISON GLAD, Jeju Island, Korea

Overview

High-quality poster presentations are an integral part of WISA 2022. We solicit posters of unpublished in-progress or late-breaking research on topics relevant to WISA. We, also, seek posters that present previously published work or extensions.

We welcome submissions of

Preliminary findings from in-progress or late-breaking work

Undergraduate/master research projects

Posters about work on information that were recently published at other venues

Important Dates

Submission deadline: ~~June 19, 2022 (23:59 GMT+9)~~

June 26, 2022 (23:59 GMT+9)

Notification of poster acceptance: July 10, 2022 (UTC-12)

Poster Session Co-chairs

Hwankuk Kim (rinyfeel@smu.ac.kr), Sangmyung University

Haehyun Cho (haehyun@ssu.ac.kr), Soongsil University

Submission Requirements

Poster abstract:

Poster abstracts should use the LNCS template format, and be at most 4 pages (excluding references). For posters on previously published papers, please submit a PDF file with the following information: the full bibliographic citation (title, authors, venue, etc.), a link to the published (official) version of the paper, and the paper abstract. Titles should begin with the keyword "Poster:". All submissions must be in PDF format and should not be anonymized.

Poster:

All accepted poster abstracts must be presented at the conference and the size of a poster should be 32x40 inches.

Selected posters will be invited to SCIE journal special issues or Scopus journal fast track.

Submission site: <https://easychair.org/conferences/?conf=wisa20220>

Please select the "Make a new submission" then select "WISA 2022 Posters" track to submit your poster paper.
